

Dear Alpha Kappa Psi,

I am writing to express my interest in joining Alpha Kappa Psi. As a Finance and Technology, Information Systems & Analytics major at Wayne State University. I am eager to build a strong academic foundation in financial management and strategic business practices. I am very passionate about automotive content and creating content in itself. It has allowed me to build experience in leadership, marketing, and teamwork. My interest in finance and creativity drives me to seek additional opportunities through which I can combine analysis, creativity and teamwork in order to make a difference in the world.

So far during my time at Wayne State, I have scouted multiple opportunities to apply my skills beyond the classroom. As the Muslim Youth of Greater Detroit (MYGD) Photography & Events Lead, I coordinated over **3+** brother events with over **30+** attendees, planned out campaigns, and helped the marketing team to advance the social media accounts with professional content. I was one of the Photographers at the Muslim Interscholastic Tournament Detroit chapter held at Wayne State University, capturing moments from competitions and ceremonies, and ensuring lasting memories for over **300+** attendees as well as for the marketing team to put out. These opportunities taught me teamwork, managing deadlines, and bringing together people. I believe everything I have learned so far will help me thrive in Alpha Kappa Psi and become an asset to the fraternity's tradition of teamwork and leadership.

I am eager for the opportunity and possibility to pledge Alpha Kappa Psi and grow together with like minded peers who are interested in business, leadership, and service. It would be an honor for me to interview and further tell how my own experience in finance, tech, and leadership lines up the fraternity's mission. Thank you AKPsi for all the amazing events and memories I've had this past week, and I look forward to the possibility of contributing even more to AKPsi's tradition of success and impact.

Sincerely,

Ayan Niazi
