Dear Alpha Kappa Psi,

As an Honors Junior at Wayne State University, majoring in Global Supply Chain Management and Accounting, I value challenges and networks. Alpha Kappa Psi reflects an environment that I would be thrilled to be a part of: one where a network of brothers consistently challenge themselves and each other out of their comfort zones. I spent five years of my life diving for a club team. The most significant aspect of this sport is not something you would expect, like perfect form or consistent practice. While these aspects are essential, the overarching theme that followed me throughout this sport was to always push myself through mental blocks to make progress. While this discipline was necessary to move up to the next dive, it also served as a lesson to challenge myself in all areas of my life if I want to see progress.

When researching Alpha Kappa Psi, I found that my personal values align perfectly with the organization's five core values of Brotherhood, Knowledge, Integrity, Service, and Unity. I resonate particularly strongly with AKPsi's core value of Service. I spent 3-5 hours a week volunteering at a food pantry for two years. Furthermore, I worked to coordinate two fundraising events for my high school's National Honor Society. After successfully raising more than \$1,000 to donate to my local Humane Society, I realized the fulfillment that comes from giving back to the community. I am excited to bring my love for service to the fraternity's initiatives.

I would be honored to have the opportunity to interview for Alpha Kappa Psi, where I can find a community and opportunities that cannot be found elsewhere. I am eager to contribute my energy, skills, and ideas to help further the fraternity's mission. Thank you for your time and consideration.

Kind Regards,

Sebastian Codreanu
