Dear Members of Alpha Kappa Psi

I am currently a sophomore here at Wayne State University pursuing a Bachelor of Science in Global Supply Chain Management. My academic interests are logistics, operations, and finance, and I am encouraged by the idea of solving real life business challenges through innovative strategies. Additionally, I strongly value traits like open communication, teamwork, and diversity qualities that I know align with Alpha Kappa Psi's mission. I am excited for the opportunity to join a brotherhood that is principled business leaders where I can grow so much with these values and professionally.

My professional and leadership experiences in the past have prepared me to be an engaged member of Alpha Kappa Psi. Working as an E-Commerce Clerk at Kroger, I had worked with many customers, successfully took orders out to customers, and consistently picked over 500 items per shift. As a Courtesy Clerk I gained skills like teamwork and resiliency by helping customers, pushing carts, and cleaning the store thoroughly to keep the store operations in flow.

In addition, my leadership extends beyond the workplace. I serve as the Secretary and Treasurer of the Persian Student Association, where I manage event logistics, maintain financial accountability, and organize meetings. I am also part of the Research Team for SJP where I have increased my ability to collaborate, lead with others, and communicate effectively across a diverse group of people.

What inspires me about Alpha Kappa Psi is my commitment to the five core values of this fraternity. With brotherhood I believe that building real relationships through mutual support is important. For knowledge I seek as a business student to look for opportunities and learn more to apply what I've learned to real world issues. For integrity I've learned this working at Kroger and in my leadership roles I have learned that doing the right thing earns trust and respect. In service I find fulfillment in giving back to customers at work or even supporting others at campus highlighting cultural awareness. Finally, for unity I excel when I work for a common goal with others around me. My ability to work with such diverse groups and perspectives reflects my belief that unity makes communities and organizations stronger

I am inspired by Alpha Kappa Psi's idea of shaping principled leaders, and I believe that my experiences in different groups and my dedication to my values would make me a strong candidate. I would love the opportunity to showcase my abilities to this fraternity and contribute.

Thank you for your time and consideration and I look forward to this opportunity.

Sincerely,

Arshawnn

ALPHA KAPPA PSI
