Dear Alpha Kappa Psi Members,

My name is Ty Hammoud and it has been a pleasure to get to know some of you the past few weeks. I am a sophomore at the Mike Ilitch School of Business, majoring in Global Supply Chain Management in the honors college with a perfect 4.0 GPA. I love pop music, concerts, nature walks, and sunsets. I'm a pretty creative person and I like to write my own songs on piano. I'm good at working with others because I love learning from people. It's inspiring to me how so many people have so many different stories and come from so many different places, but can be brought together based on the same common goals. My passion for learning, my mission to become the best version of myself, and my desire to foster community have pushed me to seek out an organization that also holds these same values. I am particularly interested in joining Alpha Kappa Psi to network with like minded business professionals and to be a part of a tradition of excellence and self improvement, but most importantly to learn from others and give them the opportunity to learn from me.

I have learned of AKPSI's commitment to producing principled business leaders and I am certain that my experiences and skills would make a great addition to this fraternity. My experiences have required a combination of precision, adaptability, and collaboration, each traits required to be an effective AKPSI member. For example:

- While at Insight Management Consulting, I effectively consolidated scattered information from nine business units to one centralized system, improving the reliability of financial reporting by auditing 500+ records. This says a lot about my analytical skills and eye for detail.
- As a Concessionist for Phoenix Theaters, I am confident to manage transactions and personally answer customer queries in a fast paced setting, showcasing my ability to work under pressure and be able to work as part of a team and adapt to work towards common goals.
- My academic record, such as having received the International Baccalaureate Diploma and Dean's List for all terms, portrays my commitment, intellectual interest, and relentless pursuit of improvement.

I am not trying to find a bullet point to put on my resume, I am seeking an organization to which I can contribute and learn. I would like to apply and enhance my skills in a supportive community that I have so much to learn from. I would like to learn from the best, push myself to be a better leader, and be ready to make a lasting impact in the business field.

Thank you for your consideration of my application. I am very excited about the possibility of speaking about how I can help serve the future objectives of Alpha Kappa Psi and learn from its members. I would love the chance to be scheduled for an interview and can't wait to keep getting to know all of you.

Sincerely, Ty Hammoud

ALPHA KAPPA PSI
