My name is Yusef Mallah, a Finance and Accounting student at Wayne State University. I am passionate about numbers, leadership, and teamwork, and I enjoy golf, basketball, and playing electric guitar. The professionalism and drive of AKPsi brothers inspire me to grow, connect, and build lasting relationships, and I want to join because I strive to be the best version of myself while surrounding myself with ambitious peers.

I recently began my internship at DTE Energy, where I am eager to gain hands-on experience in finance and business operations. As Treasurer and Co-Founder of the Amity Club, I have managed budgets of over \$5,000, coordinated events, and ensured compliance with university policies. My past role as a cashier sharpened my communication and customer service skills while managing 100+ transactions daily.

Key experiences include:

- **DTE Energy Internship** (current): building financial and corporate skills.
- **Treasurer & Co-Founder, Amity Club**: managed \$5K+ budget and led reimbursements.
- **Work Experience as a Cashier**: Processed 100+ transactions daily with precision and strong customer service.

I believe my skills and experiences align with AKPsi's mission of shaping principled business leaders, and I am eager to contribute my drive, finance knowledge, and collaborative spirit to the fraternity's continued success.

I would be honored to interview, share more about my goals, and show my commitment to AKPsi. Thank you for your time and consideration.

ALPHA KAPPA PSI
