Dear Brothers of Alpha Kappa Psi,

My name is Trevor Greenan and I am a junior at Wayne State University. My passion lies in finance, and I believe I excel at leadership, collaboration, and communication. Outside the classroom, I enjoy golfing, fitness, reading, and entrepreneurship which keep me motivated and grounded. What inspires me most is being a part of a community that values both professional growth and character, people who strive not just to succeed in business, but to be principled, ethical leaders. It is this combination that draws me strongly to Alpha Kappa Psi as I want to be part of a brotherhood that encourages lifelong learning, integrity, service, and unity, while helping me grow into the kind of business professional I aspire to become.

My previous experience in starting and running a small business has taught me leadership, communication, and the ability to collaborate with others. I believe my drive to help others succeed and longing to be part of a community will help me make a positive impact on the fraternity. Because Alpha Kappa Psi emphasizes not only individual excellence but also shared values and ethical leadership, I believe I will benefit from and add to the chapter. I could contribute by helping organize workshops or speaker events that highlight ethics in business, coordinate service projects in our community, or lead initiatives that increase cross-major collaboration so students from non-business majors also get exposure to business leadership skills.

I would be honored to have the opportunity to interview for membership in Alpha Kappa Psi. I am very excited at the prospect of contributing my energy, ideas, and values, while growing alongside brothers who share similar aspirations. The ability to be part of a community that supports each other excites me. Thank you for considering my application. I look forward to possibly meeting with you and discussing how I can serve this brotherhood.

Sincerely,

Trevor Greenan
