Dear brothers of Alpha Kappa Psi,

I'm excited about the opportunity to become a brother of Alpha Kappa Psi at Wayne State University. I am interested in joining this fraternity because of the strong sense of community, how much the brothers have valued hard work and finally the commitment to professional growth. Growing up, even though I've taken part in many communities throughout the years, I've never really felt a part of any of the communities I've joined. However my passion for cricket, soccer and Formula 1 has shaped the way I approach teamwork, leadership and strategy. These interests have allowed me to network, stay disciplined and finally thrive under pressure.

I believe these values I've built through these experiences align closely with the values of Alpha Kappa Psi. In addition to my personal interests, I have built leadership and teamwork skills through working at the Mark Cuban Foundation. By helping students learn about the fundamentals of Artificial Intelligence(AI), and even programming an AI to detect hair loss, I've been able to share knowledge with other students, maintain integrity while teaching, and serve the Mark Cuban Foundation. Along with this, I have also served the community through Key Club whether it was planning volunteer events or taking part in them too. Through these experiences, I have not only gained a genuine commitment of helping others, I have also developed collaboration and leadership skills by being able to work with diverse people to achieve a common goal which I believe are qualities valued at Alpha Kappa Psi, and I am eager to bring them forward as I grow with the fraternity.

Ultimately, I am excited about the opportunity to contribute to Alpha Kappa Psi and to grow within a community that values leadership and service. My experiences with the Mark Cuban Foundation and Key Club have allowed me to develop skills in organizing, serving and leading the community, which are qualities I hope to bring to Alpha Kappa Psi. I would welcome the opportunity to explore how my experience and skills can contribute to the chapter's goals.

Sincerely,

Mithun Soundararajan

**ALPHA KAPPA PSI**
