Dear Members of Alpha Kappa Psi,

My name is Nuha Maryam Abdul Malik, and I am a freshman at Wayne State University pursuing a Bachelor of Science in Electrical and Computer Engineering. I am passionate about leading, learning, and collaborating with others, and I thrive in roles that challenge me to think critically, organize teams, and make a tangible impact. Outside the classroom, I enjoy staying active through soccer and taekwondo, exploring stories through reading and movies, and traveling to experience new perspectives. I want to join Alpha Kappa Psi to continue growing as a leader while contributing my skills and energy to a community that values knowledge, service, and collaboration.

During my time as **State President of Michigan Junior Optimist International**, I led **10 service initiatives**, including a statewide book drive that **collected over 200 books** and community projects **engaging 100+ participants**. These experiences reflect Alpha Kappa Psi's value of service, as I consistently sought opportunities to uplift communities while encouraging collaboration among students—skills I would bring to help Alpha Kappa Psi, organize impactful service initiatives and strengthen member engagement. As a **Girls Who Code Ambassador**, I organized workshops and hackathons while **mentoring 20+ students in Python and Java**, which strengthened my ability to share knowledge and inspire others in STEM. I can apply this experience within Alpha Kappa Psi by supporting professional development programs, mentoring fellow members, and promoting knowledge-sharing across the fraternity. Completing the **International Baccalaureate Career Program** deepened my dedication to learning, as I conducted a research project on the ethics of AI in the job market and collaborated on a STEM community project, sharpening my critical thinking and problem-solving skills—abilities that will help me contribute thoughtfully to discussions and initiatives within Alpha Kappa Psi. Serving as **Vice President of the Muslim Student Association**, I coordinated **5+ cultural and service events** and often stepped in to lead when needed, tying into Alpha Kappa Psi's core value of brotherhood by supporting peers and ensuring continuity. Across all these roles, I have prioritized honesty, fairness, and accountability, demonstrating the integrity I would bring to Alpha Kappa Psi while helping foster a collaborative, principled, and high-performing community.

I am eager to contribute to Alpha Kappa Psi's initiatives, such as the Business Edge programs and the Commonwealth Leadership Alliance, by bringing my experience in organizing community-driven projects, mentoring peers, and leading student organizations to foster collaboration and impact. I am looking forward to further discussing how my background and aspirations align with Alpha Kappa Psi's goals and how I can contribute to the fraternity's mission. Thank you for considering my application.

Sincerely,

Nuha Maryam Abdul Malik
