

Dear Alpha Kappa Psi Brothers,

My name is Omar Siddiq, a current undergraduate student at Wayne State University pursuing a Bachelor of Science in Business Administration on the Pre-Med track. I have a passion for connecting business with service and development, and I like working in situations that challenge me to lead, communicate, and solve problems. My specialty fields include customer service, sales, leadership, and event planning, while my volunteer work and interests serve to keep me community-focused and always improving my team skills. I am driven by causes that blend professional development and good deeds, and that is why I would prefer to become a member of Alpha Kappa Psi to grow with a fraternity of honest business professionals while distributing my skills and energy for the fraternity.

I believe that my background and experiences strongly fit what Alpha Kappa Psi values in its members. Sales explicitly built a confidence in me to communicate with different businesses and customers. My work experience, leadership roles, and volunteering have given me communication, organization, and accountability that will allow me to be successful and be very active with AKPsi.

- Regional Sales Associate – FUBU Robotics & RoboPro Solutions: Represented local robot brands at local events and trade shows, educating people and helping with lead generation across Southeast Michigan.
- Sales Associate – Eddie Bauer: Surpassed and met daily sales goals while offering personalized service and maintaining store standards.
- Field Canvasser – Emgage: Conducted direct canvassing and served as a poll watcher, building strong organizational and communication skills under high-stress conditions.
- Leadership – MYGD Lead: Coordinated and directed community events, volunteered, and developed leadership skills through event organization.
- Volunteer – Islamic Multimedia Services: Provided technical and media support, assisting with livestreaming, AV setup, and program organization.
- Languages: English, Hindi, and Urdu are spoken languages, and Spanish and Arabic (reading/writing/recitation) are other skills.

These accomplishments have helped me develop flexibility, teamwork, and service-mindedness. Alpha Kappa Psi's purpose, "to develop a diverse global community of courageous, principled business leaders with the capability to drive positive impact throughout their lifelong journey," is the very principle I seek to practice in life. I see myself continuing this purpose by utilizing my diverse professional and cultural experiences to promote chapter programs in leadership development, professional programming, and community service.

I would be absolutely delighted to go on further about how my skills and goals align with Alpha Kappa Psi's values. I would be more than delighted to have you schedule an interview and demonstrate that I am an active and committed member. Thank you for taking the time and consideration. I am eagerly waiting to be part of your chapter and contribute to its success.

Sincerely,

Omar Siddiq
