(586) 659-4871

Dear Members of Alpha Kappa Psi,

My name is Emily Skornicka, and I'm a junior finance major. In high school, I was selected for an early college program that allowed me to get my associate's degree at the same time as receiving my high school diploma. This allows me to graduate a year ahead due to my transfer credits. I am currently working at Elm Analytics as a Financial Analyst intern, as well as doing guest experience work with Ilitch Sports & Entertainment. I'm a big fan of Detroit sports and worked every Red Wings and Pistons game last year. Outside of school and work, I love skiing, tennis, music, and being with my 2 cats. I've also shown horses for over 15 years and have given lessons/trained for clients since I was around 13. I'm applying to AKPsi to grow my professional network, make new friends with similar drive/mindsets, and get more involved on campus.

At Elm Analytics, I've strengthened my knowledge of finance through research, analysis, and creating reports for our customers. I work with a variety of automotive suppliers with revenues ranging over **60B**. At Ilitch Sports & Entertainment, I work with crowds of **18,000+** to ensure venue safety and guest satisfaction for concerts and sporting events. I do lots of problem-solving with guests, which has helped improve my communication and teamwork skills. I'm also a new team lead with Warrior Consulting Group's project with ReynKo, a Brooklyn-based startup developing predictive CFD software, models, and hardware for turbulent fluid flows. Through this, I am responsible for coordinating meetings, communicating with my team members, and assigning tasks to ensure our projects are completed on schedule.

After seeing the success of current and former AKPSI members and the mission to develop business leaders, I'd love the opportunity to interview and show how I can add value. Thank you for your time and consideration.

Thank you,

Emily Skornicka
