Dear Alpha Kappa Psi,

My name is Arshawn Ghannad, I am currently a sophomore at Wayne State University's Mike Illich School of Business, where I am majoring in Global Supply Chain Management and Finance. I am someone who is truly dedicated to mentorship, collaboration, and building an all around space where there are people from different backgrounds that can work together personally and professionally. From my campus involvement, academic work, and professional experience, I've come to uncover that I flourish in roles like mentorship, open communication, and service to others. I am interested in joining Alpha Kappa Psi because of its significance on professional development, upstanding leadership, diversity, and I see this fraternity as a group of like-minded individuals who can help continue with my growth while also giving to others meaningfully.

My previous mentorship and work experience has developed me into a reliable and active member of Alpha Kappa Psi. In the past E-Commerce Clerk at Kroger in the past , I oversaw 20-25 online orders per shift while also assisting with over 20 customers daily to help with issues and to make certain of satisfaction in a fast-past environment. On campus, I am currently holding the positions of Treasurer for Students Justice for Palestine and Secretary/Treasurer for the Persian Student Association. In those positions have tracked expenses, created budgets, collaborated with the executive boards, and help with planning for cultural events. With Students Justice for Palestine I have also negotiated with local businesses in the Dearborn area to secure partnerships for student initiatives, which has built up my hands on experience in financial responsibility and professional communication. These positions mirror Alpha Kappa Psi's standards of leadership, accountability, and active involvement, and I believe that they would allow me to give out to this fraternity positively.

Besides my experiences, I very much align with Alpha Kappa Psi's mission of creating upstanding business leaders. I am thrilled with Alpha Kappa Psi's focus on community engagement, brotherhood, professional growth, and am hoping to carry its initiatives while also still pushing myself to grow as a student and a future business professional.

Thank you for taking the time to consider my application. I am very thrilled to the opportunity to being interviewed and continue to discuss what I can bring to Alpha Kappa Psi through my energy, mindset and hard work.

Sincerely,

Arshawn Ghannad
