Dear Alpha Kappa Psi,

I am writing to express my strong interest in being part of Alpha Kappa Psi as I will be bringing my technical skills from my background and develop communication skills through this organization. I am interested in joining Alpha Kappa Psi because of its dedication of aiming to help individuals develop into strong business leaders that will make an impact on their community, and I am excited about the opportunity to learn from like-minded individuals.

Beyond academics, I enjoy being involved in my Taekwondo community where it has contributed to the development of my leadership skills, discipline, and teamwork shaping my personal and professional growth. Also, I enjoy baking, from chocolate chip cookies to tiramisu, allowing me to express my creativity and strengthen my attention to details.

I have seen the power and importance of Brotherhood through my experience as Vice President of Membership and Communications for Distributive Executive Clubs of America (DECA). In these roles, I was focused on increasing our club size but also ensuring member engagement and being 'DECA-ready', and with this mindset we have seen at least a 30% increase in event participation. I would also take notes and later communicate it with the members through Group-Me establishing a strong sense of transparency and keeping everyone updated.

Similarly, as Key Club President, I noticed how Service and Unity were essential by organizing service events and encouraging collaboration within our community. However, at first, attendance and engagement were low and I struggled with how to motivate members to participate more. So I thought of an idea, it was to host brainstorming sessions with the members to see what type of events they would be interested in and be willing to put 110% of their effort in these events. Fortunately, the idea resulted in a success and we had an increase in our member engagement to up to 35 members which they gave their best effort. These achievements and challenges that I faced have shaped both my skills and values which I am excited to contribute to Alpha Kappa Psi. The 5 core values that make the foundation of Alpha Kappa Psi have drawn my interest since they align with my own mindset and I look forward to growing as a leader that gives back to the community and heavily emphasizes professional development.

I would be thrilled to interview and share more about how my experiences and values align with those of Alpha Kappa Psi. Thank you for your time and consideration. I look forward to contributing to your professional business fraternity.

Sincerely,

Aashika Mukarigari
