Dear Alpha Kappa Psi,

My name is Hadi Naseem, and I am a freshman at Wayne State University, double-majoring in Finance and Information Systems. The challenges I take on encourage me to problem-solve and enable continuous growth within myself. I am known to bring a strong work ethic, reliability, and collaboration to any team I work with. Outside of academics, I have recently grown closer to my mosque by volunteering bi-weekly, which has strengthened my sense of service and commitment to giving back to my community. My half-hour commute to school helps me reflect and gives me alone time, which I've been enjoying a lot more recently. I also value spending quality time with my family.

I am excited to be rushing Alpha Kappa Psi after seeing the professionalism, support, and strong brotherhood the fraternity provides. Meeting with the brothers again and seeing how AKPsi promotes both personal and professional growth ensured my desire to join a community of business-minded people.

Since last semester, I have continued developing professionally and as a leader. I currently serve as a Consultant with the Wayne Consulting Group, analyze financial and engagement data to support growth strategies, and collaborate on business projects. I am also the Administrative Chair for the Finance Management Association and Social Chair for the Middle Eastern and South Asian Business Club, coordinating events and improving engagement. In addition, my internships at Doshi & Associates and Adler Dental strengthened my organizational skills, professionalism, and ability to contribute in fast-paced working environments.

These experiences align closely with Alpha Kappa Psi's core values of Brotherhood, Knowledge, Integrity, Service, and Unity. I am eager to continue growing professionally while contributing everything I can to the AKPsi community and the brotherhood.

Thank you for your time and consideration.

Sincerely,

Hadi Naseem

ALPHA KAPPA PSI
