Alpha Kappa Psi – Beta Omicron Chapter

Attn: Brothers of Alpha Kappa Psi

Wayne State University, Detroit, MI 48202

February 3rd, 2026

Dear Brothers of Alpha Kappa Psi - Beta Omicron Chapter:

I am writing to express interest in becoming a brother in your fraternity, Alpha Kappa Psi – Beta Omicron Chapter at Wayne State University. It would be an honor to be considered for becoming apart of the pledge process, and hopefully becoming a brother within your prestigious organization. I highly admire your values, camaraderie, professional development, unity, and ability to create lifelong connections. This is only my second semester at Wayne State, and I am also a commuter student, which in turn makes finding community a bit difficult. Due to these circumstances, I still aspire to find more ways to get involved with the university and make more connections.

Currently, I am a junior in the Global Supply Chain Management program at Wayne State, and participate in many student and professional organizations including the ACE Mentor Program (WSU), Global Supply Chain Management Association (WSU), the Black Business Student Association (WSU), and I am a member of the Institute of Supply Management - Southeast Michigan Chapter.

Brotherhood, community, and teamwork is something I know very well, as I was formerly a part of another prestigious community. I am a veteran of the U.S. Air Force National Guard, where I have had the opportunity to serve my community on a state-wide and national scale for 6 years. The U.S. Air Force instilled many beliefs in me that align heavily with Alpha Kappa Psi's values, with our core values in the Air Force being "integrity first, service before self, and excellence in all we do". One example of service to my community was when I helped with the aftermath of the 2025 snowstorm, where I travelled to Alpena on orders to help cut down trees and deliver waters to the surrounding communities. Despite now being honorably discharged from the military, it would be of the highest honor to continue serving my community, building connections, and upholding the core values within the prestigious Alpha Kappa Psi.

It is an honor to be considered for the pledging process, and I look forward to the other opportunities to connect with the brothers of your organization. It would be a pleasure to be interviewed with you all to truly showcase my passion for service, brotherhood, and professional development. Thank you for your consideration and I hope to hear from you soon.

Sincerely,

Xerrion Porter, APSM, CPA
