

Dear Alpha Kappa Psi,

My name is Daniella Daman, and I am an Accounting and Finance student at Wayne State University's Mike Ilitch School of Business and the Irvin D. Reid Honors College. I am motivated by environments that value professionalism, integrity, and genuine connection. I bring an outgoing and engaging personality into everything I do, and I enjoy building connections with people from different backgrounds. Whether in professional settings or student organizations, I am someone who contributes energy, approachability, and collaboration to a team.

Through my academic and professional experience in legal and financial settings, I have developed strong analytical skills, attention to detail, and a deep interest in ethical business leadership. Alpha Kappa Psi is an organization I genuinely see myself growing within and contributing to.

My interest in AKPsi began during a holiday party I attended through my summer internship with Deloitte. While speaking with members about the organization's professional development opportunities and supportive environment, what resonated most with me was when someone shared that "we make lifelong brothers in all of our classes." I also heard about Alpha Kappa Psi during the finals of the elevator pitch competition, where the organization's professionalism and presence further reinforced my interest. That perspective showed me that AKPsi is about more than networking. It is about meaningful relationships built alongside professional growth.

I currently work at Soka Law Firm and Sure Life Financial, where I assist with financial estate planning, billing, and client communication, earning a promotion to Legal Assistant through consistency and professionalism. I also serve as a Board Member for Chaldean Youth Mentors, coordinating over 50 students and volunteers. These experiences have strengthened my leadership, organization, and ability to manage multiple responsibilities, allowing me to be an active and dependable member of AKPsi.

I would welcome the opportunity to interview and further discuss my interest in Alpha Kappa Psi. Thank you for your time and consideration. I look forward to connecting with the brothers.

Sincerely,

Daniella Daman
