Dear Alpha Kappa Psi,

My name is Destiny Lattimore and I am a junior transfer student majoring in Accounting.

I have earned an Associate of Business Administration and plan to continue my education by pursuing a Master's in Accountancy while obtaining my CPA. I chose accounting because I enjoy working with numbers, identifying problems that require attention to detail, analysis, and accuracy. As this is my first semester at Wayne State, I am eager to become involved in an organization that values personal growth, professionalism, and leadership. I am drawn to Alpha Kappa Psi because of its commitment to developing principled business leaders and fostering a strong sense of professional community.

Through my academic and professional experiences, I have developed skills that would allow me to thrive as an active member of Alpha Kappa Psi. I enjoy working with numbers, identifying errors, and checking for accuracy. These strengths have reinforced my attention to problem solving and detail abilities. In my current role in a corporate logistics environment, I regularly maintain accurate records, manage multiple responsibilities, and communicate professionally with clients and internal teams. Additionally, my previous leadership experience training employees and supporting daily operations has strengthened my teamwork, accountability, and time management skills. These experiences have prepared me to collaborate effectively, contribute consistently, and remain involved within Alpha Kappa Psi.

I would greatly appreciate the opportunity to be interviewed and further discuss my interest in Alpha Kappa Psi. Thank you for your time and consideration, and I look forward to the possibility of becoming an active and committed member of the organization.
