Dear Alpha Kappa Psi,

My name is Elyssa Mosallam and I am a freshman majoring in Business Finance. I consider myself highly adaptable and able to work in any environment. I am kind, confident, and a hard worker, and I take pride in committing fully to anything I set my mind to. From the age of three through eighteen, I played soccer, an experience that shaped who I am today and taught me invaluable lessons in discipline, resilience, and teamwork. All of the obstacles I have faced while playing taught me all of the different ways life can change at any moment, whether it was on or off the field. This mindset is one of the many reasons why I want to join AKPSI. Not only does it help me network myself in the business aspect of my life, but it will also help me network in the social aspect and help me continue to grow as a person.

One of the experiences I have is my current job as Front Desk Associate / Membership Manager at The Dearborn Racquet and Health Club. This job has really tested the limits on how much I can handle and if I really know how to adapt to any situation. In the year and a half I have been working there, there have been many situations where I had to readjust to the situation. This job has shown me I can be a reliable, creative, hard-working leader. I feel I would be the perfect fit for AKPSI especially with the core values, Brotherhood, Knowledge, Integrity, Service, and Unity. I feel confident enough in myself that I can uphold all of these values plus more.

I would truly appreciate the opportunity to be interviewed and further share my story, values, and passion for joining AKPSI. I am excited about the chance to learn and grow alongside individuals who have the same mindset and goals as I do, both professionally and personally. Becoming a part of AKPSI is more than just joining a fraternity, it is about joining a brotherhood that aligns with my goals, values, and drive to continuously improve. I am eager to contribute my dedication, adaptability, and work ethic to AKPSI and would be honored to prove my commitment.

Sincerely,

Elyssa Mosallam
