Dear Alpha Kappa Psi,

My name is Trevor Greenan and I am a Junior studying Finance & TISA with a minor in entrepreneurship at Wayne State. My expertise lies in bringing creative ideas to the table to bring results. In my free time I enjoy golfing, snowboarding, going to the gym, and spending time with friends and family. People who shine through adversity and struggle motivate me because they prove that you can reach your goals if you truly put your mind to them. I want to be a part of AKPsi to be part of a community that values integrity, friendship, and community. Being part of a group that shares similar goals and struggles is important to me because it allows me to remember I am not alone in my pursuit.

My experience in running a cleaning business for nearly the past four years has taught me leadership, how to work with a team, and how to persevere through difficulties. My experience in leading a crew of up to ten people has also shown me how to delegate tasks and be supportive of a team. These experiences will allow me to bring members of AKPsi together and be eager to attend events. I enjoy meeting new people and learning about their experiences so I intend to meet as many brothers in AKPsi as possible.

Sincerely,

Trevor Greenan
